

Subject: Inquiry Regarding Summer Internship Opportunities

Dear Mr. Kanan,

I hope you are having a good week.

My name is Mrigank Mishra, and I am currently a first year student at VIT Bhopal. I have been following TATA's recent work on car engines, and I am incredibly inspired by your team's innovative approach to the industry.

I am writing to express my strong interest in joining TATA as a summer intern. Through my coursework in Mechanical Engineering, and my previous experience with engine mechanism, I have developed a solid foundation in engine performance, which I would love to apply and further develop at your company.

Could you please let me know if you anticipate opening applications for a summer internship program this year? I have attached my resume for your reference, should an opportunity align with my background.

Thank you very much for your time and guidance. I look forward to the possibility of connecting.

Best regards,

Mrigank Mishra
